"Enter to Learn, Leave to Serve"

IBDP YEAR 13 CLASS OF 2022

WHAT SOME OF OUR IBDP
STUDENTS HAVE TO SAY

Kim Kyu-Ri (44 points)

I am extremely grateful that I chose to spend the last two years of high school at SJIIM. Doing the IB in this school meant being around uplifting classmates that always came together to not only study but also have fun, as well as committed teachers who always went above and beyond to provide the best support possible. Due to the encouraging environment, I learned to admit my weaknesses and ask for help from my surroundings. I also gained the confidence to try things I've never done, like setting up Paper Bridges. Thanks to the past two years at SJIIM, I developed so much, both academically and personally. I will forever cherish the lessons and experiences earned at SJIIM. I will definitely miss studying here!

Lew Chii Yang (44 points)

Studying in SJIIM was an amazing experience. The school fully supported me and another classmate's idea of starting a school digital magazine during COVID. SJIIM also provided me with incredible teachers that are enthusiastic and passionate to teach their subjects to the fullest potential. I felt that there was so much room to grow as an individual and learn as a student when studying at SJIIM!

Neha Goswami (42 points)

Throughout my time in SJIIM, I was able to grow not only as a student but also as a person. It was all thanks to the amazing teachers and staff that were dedicated to bring out the best of us. I am really grateful for having been given the opportunity to study the IB here. In spite of the challenges the pandemic and the course presented over these past 2 years, I would have never made it this far if it weren't for my teachers and their unyielding support.

Aadar Shrestha (42 points)

Entering SJIIM in Year 9, the school's encouraging and supportive community welcomed me with open arms. The Lasallian environment fostered by the best teachers and students we could ask for, makes everyday learning enriching and exciting. This has enabled us students to develop a growth mindset and be the best versions of ourselves as we try to embody the many positive Lasallian values and the IB learner profile. After an impactful and memorable half decade, I now leave my school, SJIIM, confident and well equipped to face the real world, and of course with a lot of fond memories and friendships.

Ryan Kong Wei Leong (41 points)

I truly could not have anticipated the change that my education in SJIIM has had upon me. Throughout my 4 years at SJIIM, I managed to improve my self-confidence and expand my barriers. My wonderful peers and teachers allowed me to gain the confidence to step out of my comfort zone and reach new heights. I have little to no regrets learning at SJIIM.

Chin Choong Lam (38 points)

The assistance provided by teachers, especially during the online school period was second to none. I believe saying this speaks for most students not only in SJIIM, but I struggled in the early stages of online school as communication was limited and face to face education, which we were all used to, was taken away from us. But regardless of this, the teachers and other faculty members persisted and answered all of our concerns and assisted us with our struggles in the best and quickest way possible in order to aid our queries. I found this very comforting and that certainly helped me, as a new student, to fit in very nicely and without a doubt, helped me improve with my studies over the span of these 2 years.

Chuah Henn Yuen (35 points)

I have developed communication skills and met many people who were different from me. It made me feel part of the community. The service work was eye-opening and has changed my perspectives. The challenging aspects of the programme revealed my issues, which I can reflect upon and use to grow.

Susanna Lam Hiu Tung

During the few years in SJIIM, I have learned and gained a lot of things in not only academics but also in life. I have gradually opened up myself to others and matured up in many ways. Thanks for guiding me throughout these years!
