Application Form: For August 2023 applications
Closing date: Friday, 27th January 2023

The International Baccalaureate Diploma Programme and Cambridge A Levels are 2-year educational programmes primarily aimed at students aged 16-18. Success in either the IBDP or A Level offers students the opportunity to gain access to the best universities in the world. SJIIM has an excellent track record for academic success with the average IBDP score across all of our five cohorts has been 38 points out of 45, and in 2021 over half of the cohort received a perfect score of 45 points. This compares with the world average of 33 points. In terms of our scholars, last year 22% of them went on to receive scholarships from foreign universities. Our new A Level pathway will commence in August 2023 providing students with greater opportunity to secure a place in their university of choice.

Amongst the notable universities that our Sixth Form alumni have been accepted to are, the New York University, Abu Dhabi, Imperial College London, University of Pennsylvania, Princeton University, the University of Oxford, University of British Columbia, Tsinghua University, Yale-NUS, Nanyang Technological University and Osaka University.
